redefined

About Our **Company**

R ANGLE INNOVATIONS (P) Ltd proudly operates on experience, with high focus on quality. With an in-house designing team and an experienced Architect, which has a cutting edge in innovative designs caters to Institutions, residential Apartments, Government organisations and Commercial buildings.

We have made a mark in the industry as the best turnkey interior and projects solution provider. The design, production and quality checks keep a rain check on customer satisfaction. R-Angle is proud of its steady clientele and more than 2000 satisfied customers from B2C and B2B categories. A long lasting relationship with suppliers and customers is the strength of the company. No compromise is made on products for quality. State of the art design and manufacturing facility and Equipments required are all in house. With a large team of expert workers of R-ANGLE, timely commitment are met. The expert cut of plywood, MDF, HDF panels use CNC beam saw, edges finished with PVC with CNC edge banding and the use of carving CNC router in designing and pressed with the NC Membrane press. The plywood guarantees a lifetime bonding for the panel components, the CNC membrane and the CNC multi boring machine press brings out the elegance and is durable.

R-Angle is all about Innovations , be it Design or Deliverance!

RANGLE Innovations did an amazing job with my office space. They transformed a dull and uninspiring room into a vibrant, functional workspace that really reflects my brand and personality. The team was great to work with, and they were able to stay within my budget while still delivering a high-quality design. I would definitely recommend RANGLE Innovations to anyone in need of interior design services.
